technologies

CLIMACOOOL™

A combination of performance fabrics, open mesh and ventilation channels keep cool air flowing in and heat and sweat flowing out. You stay dry, comfortable and performing at your peak in even the most heated competition.

With CLIMACOOOL™ equipped apparel you can ignore the heat and keep your focus right where it needs to be: on the field.

TECHFIT™

A range of apparel designed to support your muscles and movement, giving you the ultimate edge. Whether you're warming up, sprinting through the defence or cooling down, it's proven to enhance your performance at every stage. TECHFIT Powerbands generate maximum explosive power, acceleration and endurance. Supreme fabric technology achieves the highest level of flexible compression, improving oxygen delivery and the expulsion of muscle waste.

CLIMAPROOF™

A lightweight, breathable shell that keeps wind, rain and snow out while allowing heat and sweat to escape through evaporation.

CLIMAPROOF™ locks out energy-sapping weather extremes so you stay dry and comfortable in even the harshest conditions. Don't just suffer through the wind, snow or rain, bend the elements to your will with the help of CLIMAPROOF™ apparel.

FORMOTION™

FORMOTION™ is three-dimensionally engineered to move naturally with the athlete's body during sport.

FORMOTION™ follows every curve of the athlete's body for better fit and greater comfort while in motion.

CLIMAWARM™

A lightweight, breathable insulation that helps to keep you dry and comfortable in cold weather.

CLIMAWARM™ uses densely woven synthetic fibers that trap air to keep you warm but are also spaced far enough apart to easily allow heat-sapping sweat to escape through rapid evaporation.

CLIMALITE™

Light, breathable fabrics worn close to the skin conduct heat and sweat away from the body to keep you cool and dry in warm playing conditions.

CAMPEON 11 TECHFIT

This new jersey is the first teamwear piece to incorporate TECHFIT™ POWERWEB - as seen in several adidas leading federation match jerseys. It is designed to focus your muscles' energy to generate maximum explosive power, acceleration and endurance, so you don't just perform, you outperform.

TECHFIT

techfit preparation

TECHFIT™ PREPARATION gets your body ready to perform at its peak. This compression apparel reduces muscle vibration and increases blood flow, resulting in faster delivery of oxygen to your muscles. Together with super soft seam construction, and CLIMACOOL® ventilation, you stay cool, dry and comfortable throughout your preparation. Wear for the perfect pre-match build-up.

techfit
powerweb

TECHFIT™ POWERWEB garments are proven to give you the ultimate edge, whether you're chasing down an opponent, sprinting through the defence or leaping for a header. They focus your muscles' energy to generate maximum explosive power, acceleration and endurance. Compression fabrics increase blood flow and improve oxygen delivery and the expulsion of muscle wastes. TPU POWERBANDS act like a slingshot, storing up and returning elastic energy. With TECHFIT™ POWERWEB you don't just perform, you outperform.

techfit
recovery

Tuned compression zones support your muscles and reduce fatigue-inducing vibration. Oxygen delivery is speeded up, whilst flexible low compression around the lungs and joints makes recovery faster and more comfortable.

adi dassler

The Beautiful game claims about 80% of the world's sports fans. Adi Dassler was one such fan. He was driven by his passion for sport and above all for football.

It's the same passion that drives us on today. At adidas, we pursue our passion through our work, just as Adi did decades ago. He turned his dedication to healthy physical exercise into his business. He triggered off a tradition of enthusiasm, involvement and understanding that has made adidas the athlete's friend. We want to help the challengers and turn them into winners. We are devoted to performance, to innovation, to athletes.

**We know what's going on in sport.
Because it is our passion.**
