

all in for the moment

teamwear
2014/2015

adidas.com/teamwear2014

all in for the moment

from kick-off in the sunday league to extra time in the champions league, victory and defeat are measured in a moment. years of practice boil down to split-second decisions. heroes and villains are made in an instant. and only those equipped to handle the pressure walk away winners.

when it is all or nothing, there is no room for error. at adidas we think the same way. that's why we refuse to cut corners or compromise on quality. every detail is driven by experience. every material is tried and tested on the field of play. the result is kit that is always ready and always reliable. so whatever the challenge, you play prepared, perform without fear and go all in for the moment.

technology

FORMATION™

FORMATION™ is 3D engineered to increase freedom of movement at every stage of the game from kick-off to final whistle. Compression fabrics follow the contours of your body for a better fit, enhancing muscle activity and giving you greater comfort while in motion.

climalite

Light, breathable fabrics worn close to the skin conduct heat and sweat away from your body. CLIMALITE® keeps you cool and dry so you're free to get around the pitch and compete without compromise in warm playing conditions.

adizero

adizero represents a design philosophy, steeped in a handcrafted tradition of attention to the finest detail. Performance is about more than being light; every product focuses on a superior fit and feel which translates to energy efficiency, helping you run faster and further.

climacool

A combination of performance fabrics, open mesh and ventilation channels keep cool air flowing in, and heat and sweat flowing out. Stay dry, comfortable and performing at your peak in the most heated competition. With CLIMACOOLO® equipped apparel you can forget the heat, keep your cool and stay on top of your game.

climawarm

A lightweight, breathable insulation that helps keep you dry and comfortable in cold weather. CLIMAWARM™ uses intensely woven synthetic fibres that trap air to keep you warm, but are spaced far enough apart to allow heat-sapping sweat to escape through rapid evaporation.

techfit

Designed to support your muscles and movement, giving you the ultimate edge. TECHFIT™ POWERWEAVE generates explosive power, acceleration and endurance with advanced fabric technology improving blood flow, oxygen delivery and recovery time. Whether you're warming up, bursting through the defence or getting up to head the ball, TECHFIT™ is proven to enhance your performance at every turn.
